

MORPHOSIS

HAIR TREATMENT LINE

WE CHANGE. IT'S NATURAL.

CONSCIOUS BEAUTY

OUR INSPIRATION

I think, therefore I am. And, what's more, I think, therefore I choose. Now, aspiring to personal wellness goes hand in hand with care for the environment which, in turn, needs looking after.

The search for holistic beauty and knowing that all our gestures leave a footprint call us to walk down the sustainability path with determination.

In keeping with this consumer-inspiring ingredient, we have rethought and reformulated the **Morphosis Hair Treatment line** to offer you products that are increasingly more innovative and sustainable. Perfect for answering all your Conscious Beauty needs.

OUR VALUES

Still the symbol of science meeting nature, now MORPHOSIS gives hair the greatest FUNCTIONAL and COSMETIC RESULTS WITH REDUCED ENVIRONMENTAL IMPACT.

- **Locally-sourced ingredients**
- **A technology that preserves the bio-availability of key ingredients**
- **Recyclable packaging and communication materials from sustainable certified processes**

Our choices for a Salon that is in tune with a changing world are not a trend, but shared values. Because we change. It's natural.

THE FORMULAS

100% Vegan

0% Gluten

0% SLES & SLS

0% Parabens

0% Synthetic colors

Technologically advanced to provide the best results in terms of effectiveness and aesthetics,

the Morphosis Hair Treatment lines are formulated with up to 98% natural ingredients, most of them from the Mediterranean regions.

THE FRAGRANCES

Enveloping, gentle and exciting, fully sustainable fragrances that meet the need for inner wellness.
So, Conscious Beauty means a balance of the senses and a harmony of the mind.

SUSTAINABILITY

For years now, our processes have been designed with energy and water savings in mind. Nowadays, our efforts for sustainability are focussed on:

PACKAGING: as much POST CONSUMER RECYCLED PLASTIC (PCR) as possible

CERTIFIED FSC PAPER (from sustainably-managed, deforestation-free forests)

FORMULAS involving as many cold processes as possible

A FEW FIGURES

- Argan Oil
- Baobab Oil
- Vitamin E

SCALP

Caring for the scalp

THE NEED, THE ANSWER

The scalp is highly sensitive to a person's general health. Excessive sebum, dryness or sensitivity can come from stress, a poor diet or a temporary imbalance with symptoms such as redness, dehydration and rash. Even healthy scalps can build up fatty residues, pollutants, styling products or dead cells that need to be periodically removed to oxygenize the follicles. That's why a scalp ritual should be part of a wellness routine, providing a pleasant feeling of freshness and lightness that will soothe even the most delicate skins.

KEY INGREDIENTS

Fermented Organic Arnica extract is produced through an exclusive hyper-fermentation process. A natural remedy known for centuries for its beneficial medical properties, now used to treat the scalp. The hyper-fermentation process makes this extract a high-performing anti-oxidant and nourishing ingredient.

Zeolite it is a natural mineral with a highly porous texture that effectively binds heavy metals, pollutants and free radicals. By removing them, it helps fight inflammation and regenerate cells.

Microencapsulated Vitamin B12 soothes sensitive or stressed skin, protects the skin barrier from inflammation, and plays a key role in accelerating cell recovery and regeneration. With its deep anti-inflammatory effect, it helps reduce rash, redness and itchiness in atopic dermatitis. 100% natural, from bio-fermentation.

Kiwi Seeds are the result of an upcycling process, coming from the conversion and reuse of food waste: an ingredient that is worth more than the original material. With their natural texture and perfectly rounded shape, they gently exfoliate the skin and improve blood circulation.

Coffee Seed extract is produced by upcycling green coffee seeds from food waste. The micro-grains of the Coffee Seed extract have a gentle scrubbing effect that helps renew the skin surface and leaves it smooth and clean. Rich in plant-based nutrients and natural caffeine, chlorogenic acid, alkaloids, proteins, minerals and vitamins, it boosts circulation in the follicles and in the scalp, improving oxygenation and hydration. It is a powerful anti-oxidant that protects the scalp and hair from daily exposure to pollutants.

SCALP Exfoliate

150 ml 5,1 fl. oz.

An intensive pre-shampoo exfoliator that thoroughly cleanses the scalp. Enriched with Fermented Organic Arnica extract and finely-ground Coffee Seeds, it contains apple pulp, Arginine, Zinc-PCA, Vitamin B6, Shea Butter, Menthol, Peppermint and Tea Tree Essential Oils. It removes sebum, dandruff, impurities and the build-up from styling products. Provides precious nutrients that increase the oxygen flow and blood circulation.

DIRECTIONS

Apply to dry scalp before shampoo and massage for a few minutes. Rinse well and then use the most suitable MORPHOSIS treatment.

SCALP Detox Essence

150 ml 5,1 fl. oz.

A pre-shampoo detoxifier for an in-depth cleansing of sensitive, dull and stressed scalps. Enriched with Natural Zeolite, Fermented Organic Arnica extract, purifying Cypress extract, Tea Tree Oil, Lemon Essential Oil, Arginine and Vitamin E, it removes impurities while protecting the scalp from pollutants.

DIRECTIONS

Apply to dry scalp before shampoo and massage for a few minutes. Rinse well and then use the most suitable MORPHOSIS treatment.

SCALP Cleansing Shampoo

250 ml 8,4 fl. oz. / **1000 ml** 33,8 fl. oz.

An in-depth cleanser for all hair and scalp types; ideal as part of a regenerating scalp treatment. Enriched with Fermented Arnica, Lavender and Rosemary extracts, Peppermint Essential Oil, Organic Baobab Oil, it effectively removes pollutants and build-ups.

DIRECTIONS

Apply to wet hair and massage gently. Rinse well.

SCALP Destress Shampoo

250 ml 8,4 fl. oz. / **1000 ml** 33,8 fl. oz.

A soothing, balanced-pH cleanser for sensitive scalps. Enriched with Fermented Organic Arnica and Chamomile extracts, Vitamin B12, Licorice extract, Arginine, Trimethyl glycine, Vitamin E, Menthol and Vegetable Glycerin, it leaves the hair clean and refreshed, while soothing the scalp.

DIRECTIONS

Apply to wet hair and massage gently. Rinse well.

SCALP Destress Serum

100 ml 3,4 fl. oz.

Enriched with Vitamins B12 and E, Licorice extract, Arginine, Trimethyl glycine, Trehalose, Hyaluronic Acid, Menthol and Menthyl Lactate. This pool of actives improves scalp oxygenation, soothes inflammation and promotes cell regeneration. After shampoo, on towel-dried hair, apply on the scalp and massage gently. Do not rinse.

DIRECTIONS

After shampoo, on towel-dried hair, apply on the scalp and massage gently. Do not rinse.

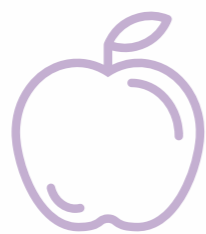

THE FRAGRANCE

Mint, tea

Tea tree, lemon and peppermint essential oils, menthol and tea leaves: a scent that exudes a healthy, fresh and light vibe, for a thorough scalp-reviving ritual.

DENSIFYING

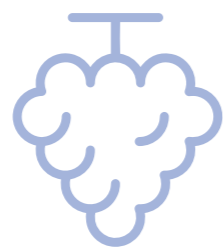

DENSIFYING ANTI-LOSS
For sensitive scalps

THE NEED, THE ANSWER

Sometimes, thinning hair can be associated with a sensitive scalp: irritation and pain are combined with a thinner shaft that is less resistant to traction. This densifying ritual aims to reinforce both hair and scalp. Its vasodilator effect promotes the absorption of minerals and vitamins while soothing and protecting the scalp, leaving the hair thick and strong again. Key ingredients and the bio-technology of the Morphosis Densifying treatment deliver certified, visible results in the hair texture too.

REINFORCING

REINFORCING ANTI-LOSS
For oily scalps

THE NEED, THE ANSWER

Weak hair can be associated with excess sebum, whose deposits reduce the supply of blood and clog the follicles, resulting in thinning hair that loses its mechanical resistance.

With its certified bio-technological formula, this reinforcing ritual has a sebum-regulating and vasodilating effect that boosts circulation, nourishes and stimulates the follicles, and leaves the hair stronger and bouncier.

With visible, certified results.

KEY INGREDIENTS

Vine Stem Cells, with hydrolyzed Rocket and Walnut extracts, contain Peptides and essential nutrients that boost cell metabolism and reduce hair loss. The key ingredients increase the vitality and longevity of the scalp and follicles, improve micro-circulation, and effectively protect the cells from oxidative damage.

Tri-C-Peptides

Vanillyl Butyl Ether

REINFORCING Shampoo

250 ml 8,4 fl. oz. / **1000 ml** 33,8 fl. oz.

A reinforcing shampoo that can be part of a hair loss* treatment; suitable for greasy scalps, especially for men. Enriched with Vine Stem Cell extract, Vitamins B6 and E, Menthol and Arginine.

A prolonged massage boosts skin micro-circulation.

DIRECTIONS

Spread over wet hair and scalp, massage carefully to favour skin microcirculation and then rinse.

*Helps to prevent hair loss. For non-pathological hair loss.

REINFORCING Activator

7 ml 0,2 fl. oz. x12

A reinforcing activating serum for weak hair, suitable for sensitive scalps and especially for men. It boosts micro-circulation, increases the oxygen flow and stimulates the natural regrowth of hair, while reinforcing its structure. It heats the scalp with beneficial effects.

The certified effectiveness of this hair loss* ritual is based on a formula with 20 functional ingredients, including the exclusive TRI-C-Peptides™ biotechnology, Vine Stem Cell extract, Azelaic Acid, Zinc-PCA, Arginine and Trimethyl Glycine, Vitamins B6, E and H.

DIRECTIONS

Apply the content of half a phial to a dry or towel-dried scalp, 3 to 7 times a week. Massage thoroughly with circular movements until completely absorbed. Do not rinse.

REINFORCING Energizing Spray

150 ml 5,1 fl. oz.

Energizing treatment for scalp and weak hair. Supports and extends the effect of the hair loss* ritual with a pool of 14 functional ingredients, such as Plant Stem Cells extracts, Arginine and Trimethyl Glycine, Inositol, Vitamins E and B6, Magnesium, Menthol, Vegetable Keratin, purifying Red Grape, Ginger and Incense extracts. Brings beneficial nutrients to the skin. Leaves the hair thick and bouncy, without weighing it down.

DIRECTIONS

Apply to a towel-dried scalp and hair and massage with circular movements. Do not rinse.

THE FRAGRANCE

Aromatic, citrusy, watery, woody, musky

A bitter, pungent note dissolves into a fragrance of rose and green freshness, then lingers on in a scent of wood and amber.

Tri-C-Peptides™

The exclusive Framesi research innovation
in anti-hair loss

BIO-TECHNOLOGY

The micro-encapsulated, biomimetic peptides are biotechnological active elements with a low molecular weight. The micro-encapsulation technology protects them and increases their biological-availability when applied, effectively transporting them into skin layers, down to the hair bulb, guaranteeing prolonged release over time. There are three peptides, for a full, synergic action on the hair bulb's entire life cycle.

1. Copper Tripeptide - 1

Reinforces and stimulates the follicle, revitalizing and increasing its size reducing hair loss. It also stimulates the production of collagen, elastin and fibroblasts, for a healthy scalp, and has an anti-age, anti-inflammatory function.

2. Octapeptide - 2

Accelerates hair growth, increases the cell proliferation of keratinocytes and fibroblasts, increasing cell adhesion and the production of collagen and hyaluronic acid.

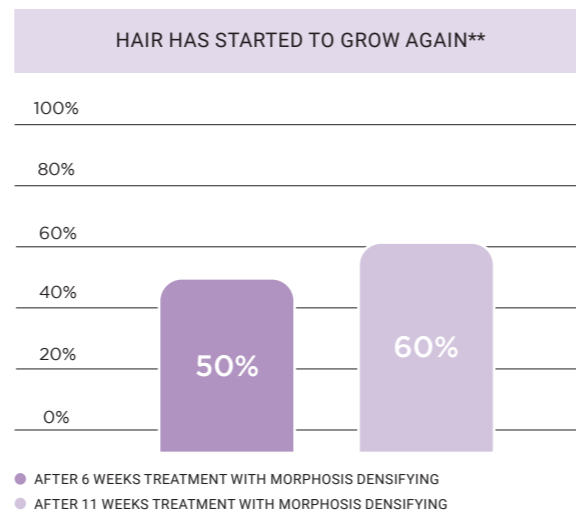

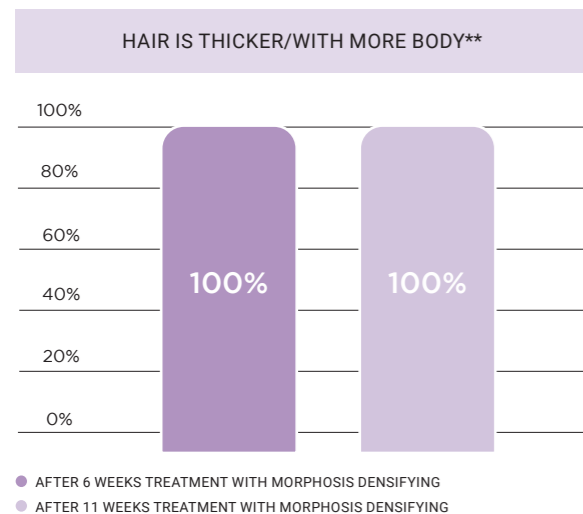

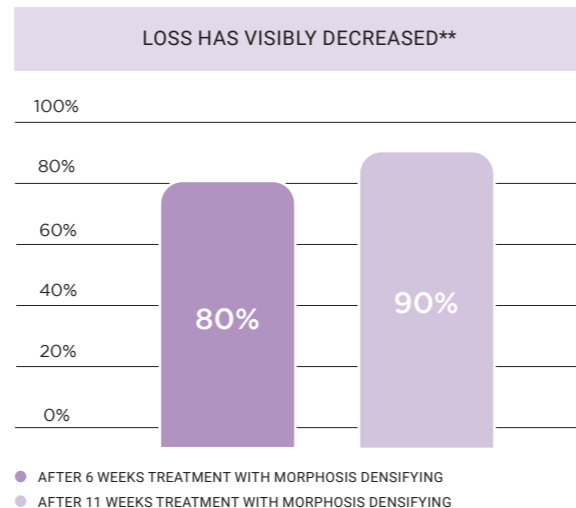

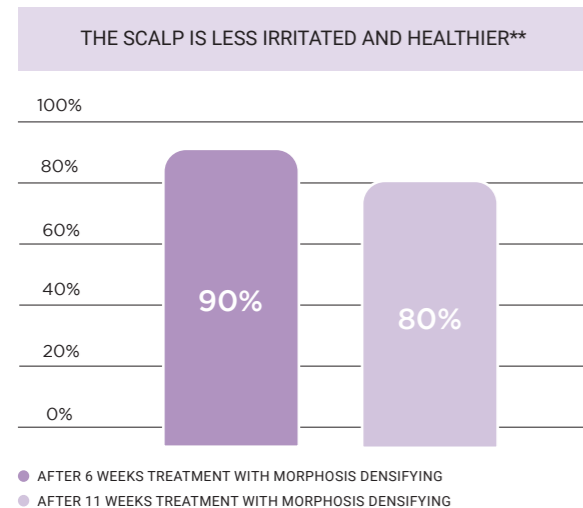

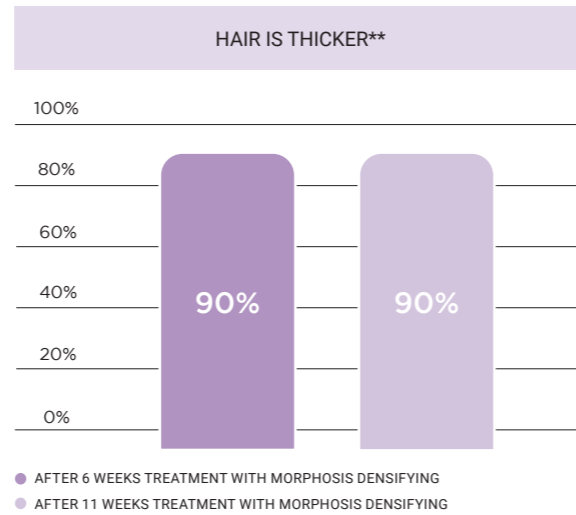

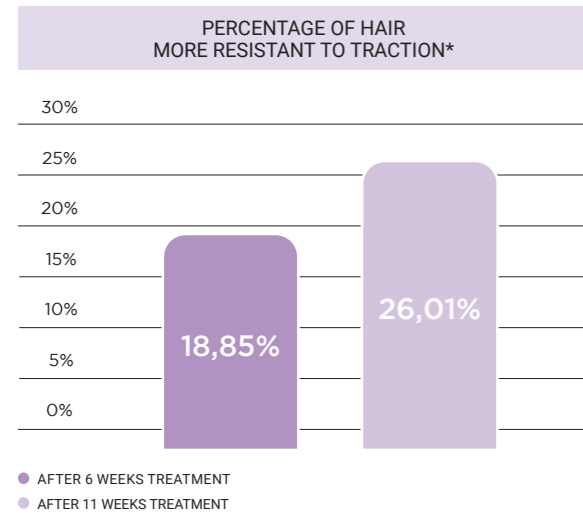

3. Oligopeptide - 42

Accelerates hair growth, increases blood microcirculation, revitalizing follicles.

Vanillyl Butyl Ether is an anti-hair loss main principle providing a pleasant, prolonged sensation of heat to the skin. Stimulates blood microcirculation directly, inducing the release of neurotransmitters promoting vasodilation. This mechanism improves absorption of all the main principles, calms inflammation and favours synthesis of the hair's main growth factors in the follicle.

THE SCIENTIFIC DENSIFYING TEST

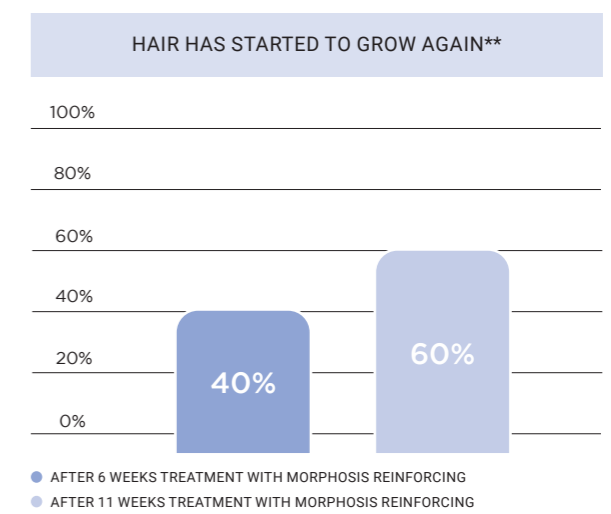

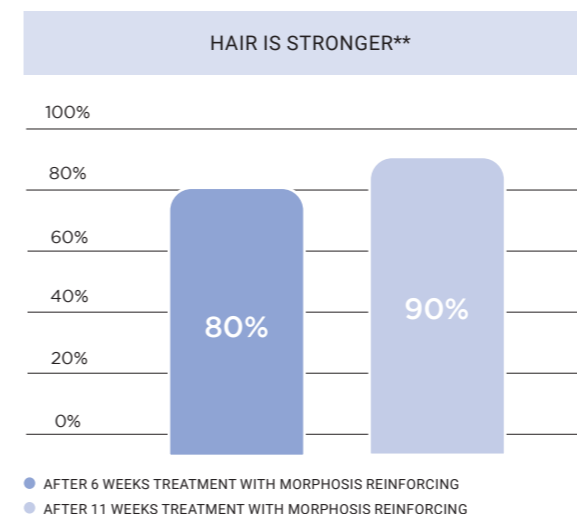

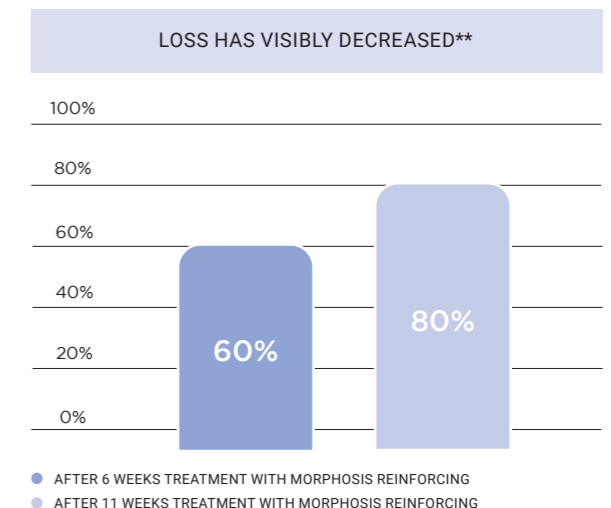

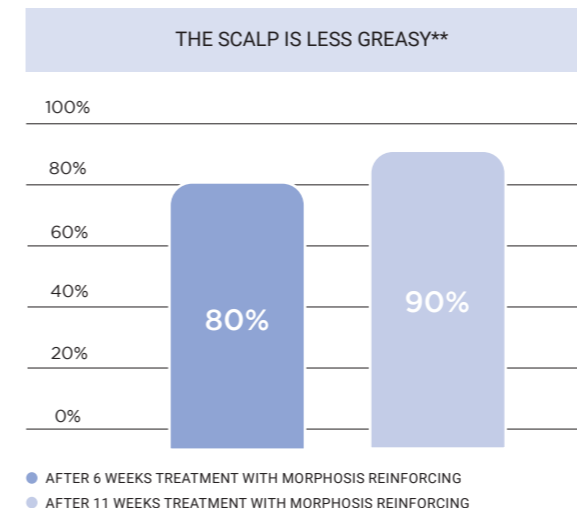

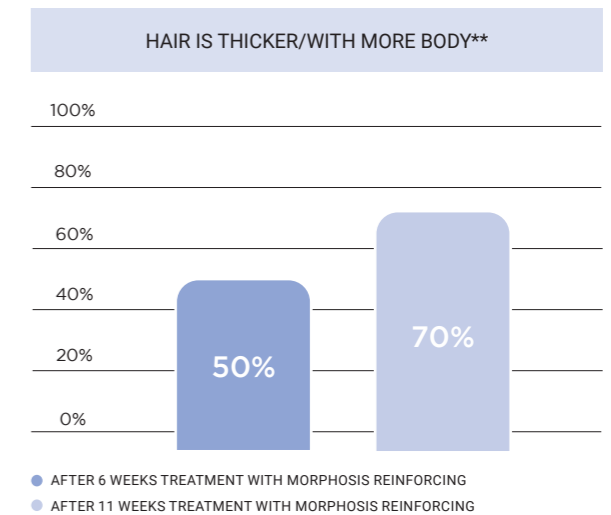

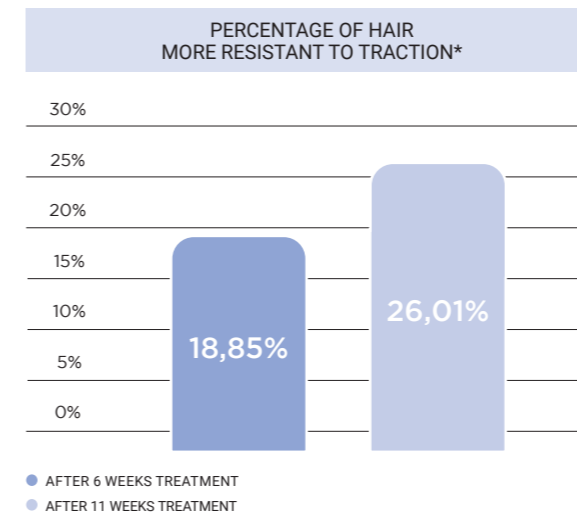

The effectiveness and self-assessment tests carried out by Eurofins of Roma, have detected top performance in the intensive MORPHOSIS DENSIFYING treatment.

THE SCIENTIFIC REINFORCING TEST

The effectiveness and self-assessment tests carried out by Eurofins of Roma, have detected top performance in the intensive MORPHOSIS REINFORCING treatment.

*Double blind clinical Study on 40 subjects ** Self-assessment test conducted on 10 men

BALANCE

—
For greasy scalps

THE NEED, THE ANSWER

When we talk about “greasy hair”, what we really mean is a scalp condition; the scalp produces too much sebum, which can be seen and felt from the roots all the way down to the ends. So, this rebalancing ritual is aimed at treating the scalp, with astringent, refreshing ingredients that leave the hair soft and clean for longer. The most effective way to fight excess sebum is a combination of Morphosis Balance and a professional pre-ritual purifying product.

KEY INGREDIENTS

Lemon extract comes from the rind, rich in natural bioflavonoids that help improve the healthy growth of skin cells. This 100% natural botanic extract has astringent, purifying and sebum-regulating properties that help refresh the scalp and remove impurities, leaving the hair glossy and hydrated.

100%-natural **Mint Essential Oil** purifies greasy scalps, soothes irritation and leaves long-lasting freshness.

Zinc-PCA is a 5-alpha-reductase enzyme inhibitor and has a normalizing, sebum-regulating effect on the scalp, with a deep bacteriostatic action against the micro-organisms that cause scalp conditions.

BALANCE Shampoo

250 ml 8,4 fl. oz. / **1000 ml** 33,8 fl. oz.

Enriched with Zinc-PCA, Organic Lemon extract, Peppermint, Lemon and Tea Tree Essential Oils, Arginine and Vitamin B6, it rebalances and regulates sebum activity, leaving the scalp fresh and healthy, with hair that stays light and clean for longer.

DIRECTIONS

Apply to wet hair and massage gently. Rinse well.

THE FRAGRANCE

Peppermint and lemon

A lastingly fresh feeling left by the intense scent of essential oils and tea tree oil. 100% natural fragrance.

PURIFYING

—
For dandruff

THE NEED, THE ANSWER

Dandruff can come in two forms: dry, with thin, light scales, or greasy, with wide, flat scales that stick to the scalp. Either way, it is an easily visible and recognizable flaw. If treated aggressively, dandruff tends to replicate itself. This purifying ritual acts gradually, making scales disappear and restoring a dry, elastic scalp. Its antiseptic, decongesting and moisturizing ingredients visibly improve the hair's condition.

KEY INGREDIENTS

Bio-technological Chinotto extract, produced by solvent-free enzymatic bio-liquefaction, preserves 100% of the vegetable complexes in an active bio-available form. The Bitter Orange fruit is known for its anti-oxidant, decongestant, sebum-regulating, antiseptic, purifying and anti-inflammatory properties.

Tea Tree Oil, well-known and appreciated for its anti-microbial and anti-fungal properties, is perfect for treating several skin problems.

PURIFYING Shampoo

250 ml 8,4 fl. oz. / **1000 ml** 33,8 fl. oz.

Enriched with Chinotto extract, Tea Tree Oil, Piroctone Olamine, Climbazole, Zinc-PCA and Salicylic Acid, it gently cleanses and soothes the scalp, while fighting and preventing dandruff.

DIRECTIONS

Apply to wet hair and massage gently. Rinse well.

PURIFYING Spray

100 ml 3,4 fl. oz.

A purifying and refreshing spray that combats dandruff and soothes itchy and sensitive scalps, with 15 functional ingredients, including Chinotto extract, purifying, astringent and disinfectant Lemon and Tea Tree Essential Oils, specific anti-dandruff Piroctone Olamine and Climbazole, Vitamins E and B6, Licorice, Cypress, Red Grapes, Ginger and Incense extracts.

DIRECTIONS

Wash and towel-dry hair, spray on scalp and massage gently. Do not rinse.

THE FRAGRANCE

Citrusy, tea, flowery, green

Bergamot, orange, pink grapefruit and clementine, mixed with basil and ivy, are the first notes, followed by an intense scent of cyclamen, green tea leaves and apple flowers. The base notes blur into musk and cedarwood.

RESTRUCTURE

For damaged hair

THE NEED, THE ANSWER

The most effective remedy for hair with structural damage and loss of tone and body, that looks dry, dull and dehydrated, is this shaft-restructuring ritual. In three steps, it restores collagen and proteins; the hair is instantly plumped and reinforced in its most damaged parts, so it is perfectly regenerated. For a professional ritual, at least four sessions are recommended: the first two to be had two weeks apart, then once a month. The home maintenance ritual helps achieve longer-lasting results faster and more effectively.

SALON TREATMENT

KEY INGREDIENTS

Fermented Rice extract is produced through an exclusive hyper-fermentation process. An enzymatic pre-treatment in water enriches the water before the fermentation process. The hyper-fermentation process increases antioxidant power by 20%, protein content by 61%, and amino acid content by 200%. The result is a healthy, strong, hydrated and glossy hair.

Vegan Collagen is plant-derived collagen in different molecular weights from fermented soybeans, rich in active ingredients, such as Peptides, Amino Acids, Lactic Acid, Vitamins and Coenzyme Q10. Actives that are easily absorbed by the skin and scalp and increase cell activity, improve blood flow and prevent cellular aging.

Sulphur-rich plant-derived **Peptides** and **Amino Acids**, very similar to hair keratin, reconstruct and replenish keratin in damaged hair. Natural hair shafts are deeply hydrophobic, depending on the content of nonpolar amino acids. This exclusive blend of plant-derived peptides improves the hydrophobic profile of the hair, thus more effectively nourishing the inner structure of the shaft than a hydrolyzed blend of keratin, increasing the content of such key elements as sulphur and hydrophobic amino acids, and reconstructing the hair fibers.

RESTRUCTURE Revitalising Shampoo STEP 1

1000 ml 33,8 fl. oz.

Enriched with Fermented Rice extract, Vegan Collagen and plant-derived Peptides, Hyaluronic Acid, Vitamin E and Vegetable Glycerin, it deeply cleanses, removes impurities and leaves the hair soft, hydrated and ready to receive the regenerative treatment.

DIRECTIONS

Apply 10 - 15 ml of product, depending on the amount and length of the hair, and massage gently. Rinse well, thoroughly towel-dry, then move on to STEP 2.

RESTRUCTURE Express Filler STEP 2

1000 ml 33,8 fl. oz.

A reparative hair gel with plant-derived Peptides. Enriched with Fermented Rice extract, Hyaluronic Acid, Vegan Collagen, Vitamin E and Trimethyl Glycine, it plumps up, repairs and transforms the hair fibres.

DIRECTIONS

Separate the hair into chunky locks and apply 15 - 20 ml of product with a brush, depending on the amount and length of the hair. Comb thoroughly through the hair, to make the ingredients penetrate deeper. Leave on for 15 - 20 minutes under a source of heat, rinse well and towel dry. Move on to STEP 3.

RESTRUCTURE Precious Fluid STEP 3

1000 ml 33,8 fl. oz.

An intensive hair taming treatment. Enriched with Fermented Rice extract, Hyaluronic Acid, Vegan Collagen, plant-derived Peptides and a 100% plant-derived long-lasting film-forming resin, it repairs the natural structure of the hair fibers, while smoothing and plumping up the cuticles. Leaves damaged hair extremely soft, silky and glossy, for a truly healthy look.

DIRECTIONS

Apply 15 - 20 ml of product, depending on the amount and length of the hair. Massage thoroughly and leave on for at least 5 minutes, then rinse well and style.

THE FRAGRANCE

Powdery, flowery, fruity, gourmand

The lovely scent of delicate roses bursts into a sparkling bouquet of red fruits, mixed together in a rich blend of woody and sweet notes.

TOTAL RECONSTRUCTION TREATMENT

The **MORPHOSIS RESTRUCTURE** treatment uses **plant-derived Peptides, Fermented Rice extract, Hyaluronic acid and Vegan Collagen** to target specific areas of the hair, reconstructing and strengthening the structure of the shaft.

Outstanding effectiveness for truly regenerated hair.

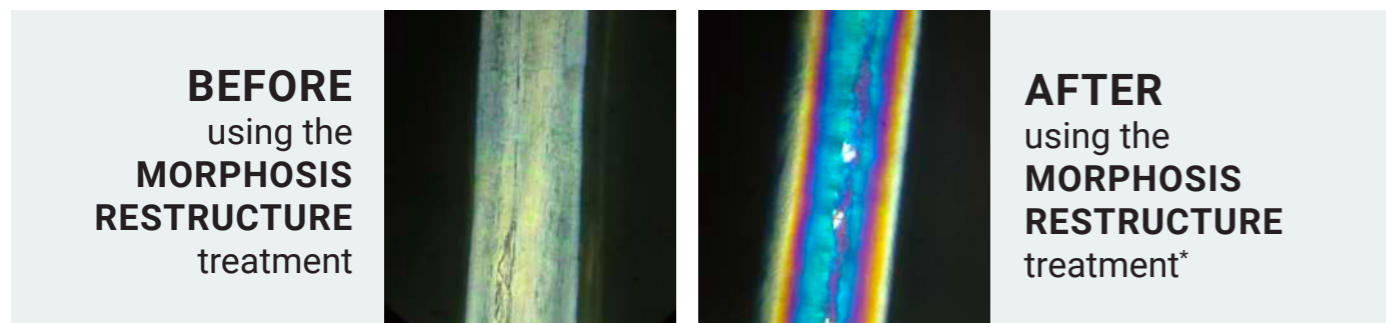

The hair instantly feels:

- Strong
- Bouncy
- Soft
- Full
- Shiny

PLM-tested restructuring effect

PLM analyses (Polarized Light Microscopy) can look “into” the hair and measure the regenerative effect of the treatment in “polarization colors”. Such colors show the state in which the keratin structures of each part of the hair is organized.

The **MORPHOSIS RESTRUCTURE** treatment has been proven to deliver extremely impactful, deep and complete regenerative results, while the images of the hair after the application of the control treatment looked weak and dull, due to the keratin having completely lost its crystal structure.

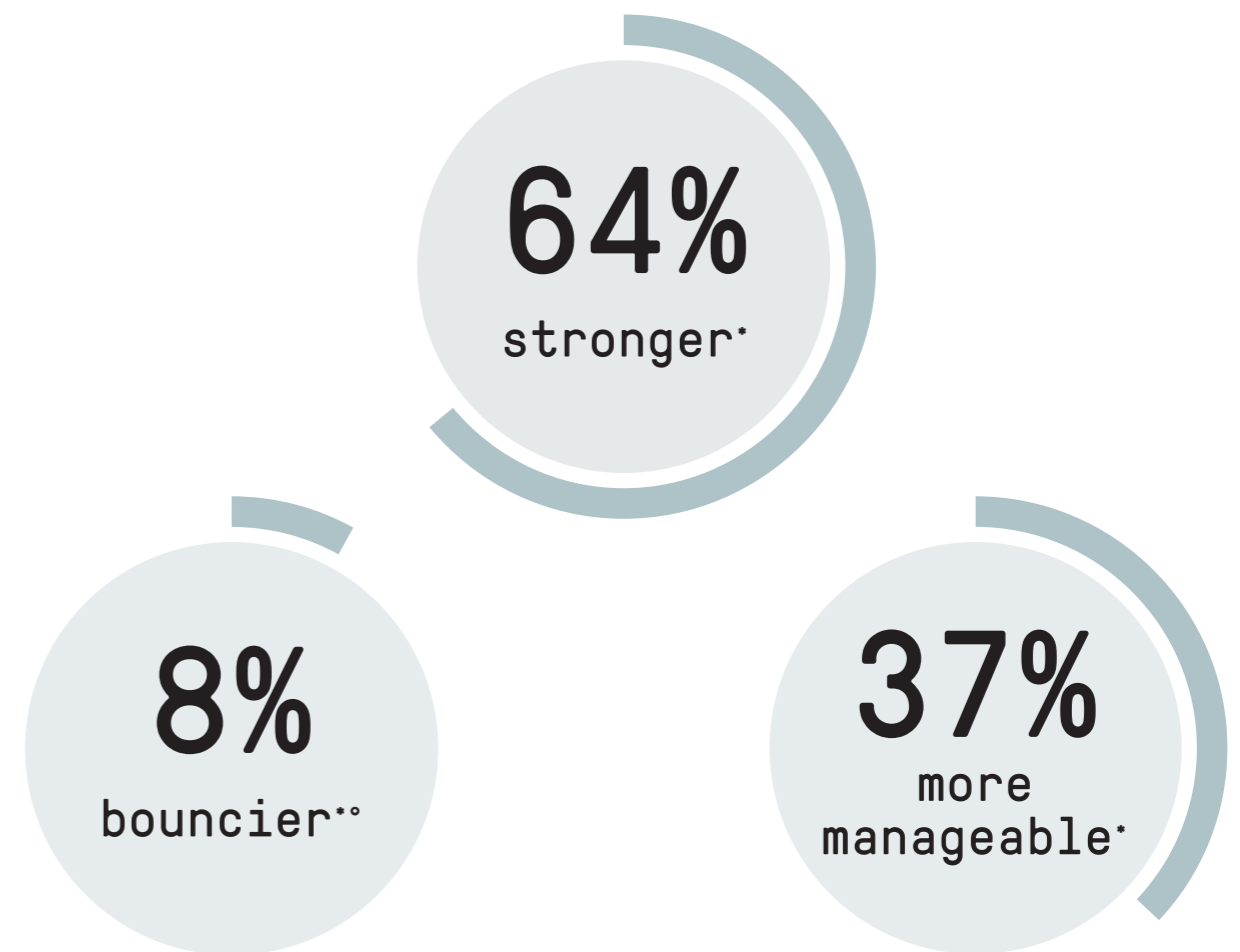

*A DEEP REGENERATIVE effect all over the hair, the cuticles, the shaft and the medulla: IMAGES OF THE PLM ANALYSIS

SCIENTIFIC EVIDENCE

The effectiveness of MORPHOSIS RESTRUCTURE has been jointly tested by the cosmetics Research and Development Laboratory of the Department of Chemistry, University of Naples Federico II, using highly accurate instruments.

These tests have shown that, after using the MORPHOSIS RESTRUCTURE treatment, the hair is

* Ex vivo test on dyed, deeply damaged Caucasian hair, treated with Morphosis Restructure 1+2+3, vs a standard Shampoo and Conditioner restructuring treatment.

** Average increase in hair diameter 8% after the treatment

HOME TREATMENT

RESTRUCTURE Shampoo

250 ml 8,4 fl. oz. / **1000 ml** 33,8 fl. oz.

A revitalizing, restructuring shampoo that extends the beneficial effects of salon treatments. Enriched with Fermented Rice extract, Hyaluronic Acid, Vegan Collagen and plant-derived Peptides, it repairs the hair shafts from within.

DIRECTIONS

Apply to wet hair and massage gently. Rinse well.

RESTRUCTURE Conditioner

250 ml 8,4 fl. oz. / **1000 ml** 33,8 fl. oz.

Enriched with Fermented Rice extract, Hyaluronic Acid, Vegan Collagen, Vitamin E and a 100% plant-derived long-lasting film-forming resin, it reinforces and restores the natural hair fibers.

DIRECTIONS

Apply after shampooing on lengths and ends with a gentle massage. Leave on for a few minutes, then rinse thoroughly.

RESTRUCTURE Leave-in

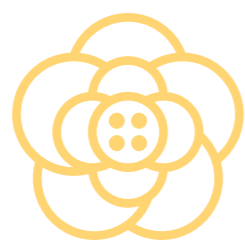

150 ml 5,1 fl. oz.

A revitalizing emulsion for damaged hair. Enriched with Fermented Rice extract, Hyaluronic Acid, Vegan Collagen, Vitamin E, a 100% plant-derived long-lasting film-forming resin and an organic multifunctional anti-UV plant-derived complex, it conditions and revives the hair, leaving it soft and shiny.

DIRECTIONS

Spray evenly on towel-dried hair, then comb through. Do not rinse.

REPAIR

—
For dull hair

THE NEED, THE ANSWER

Repeated treatments and an overuse of straighteners can remarkably sensitize the hair. Split ends, tangled hairs and a rough feel are the most obvious symptoms of a damaged hair that can get its strength and softness back from this ritual.

KEY INGREDIENTS

Camellia Oil contained in Morphosis Repair is organic. Naturally rich in Oleic Acid, Omega-3 and Vitamins, it is widely used as a beauty product for its moisturizing, softening, nourishing, soothing and anti-oxidant properties.

Vegetable micro-Keratin contains micronized plant-derived proteins, produced through a sustainable enzymatic process, and its composition is quite similar to natural hair keratin. It repairs the hair shaft by reducing hair porosity. With its low molecular weight, it penetrates into the innermost layers of the fibers, for stronger, bouncier hair.

Phyto-Ceramides are plant-derived actives. They have a strong affinity with the scalp and hair, so they effectively protect them and restore the hydrolipid film, for deep moisturization.

REPAIR Shampoo

250 ml 8,4 fl. oz. / **1000 ml** 33,8 fl. oz.

Enriched with Camellia Oil, hydrolyzed Vegetable micro-Keratin and Plant Ceramides, it deeply repairs and revives the hair fibers with tangible moisturizing and restorative results.

DIRECTIONS

Apply to wet hair and massage gently. Rinse well.

REPAIR Conditioner

250 ml 8,4 fl. oz. / **1000 ml** 33,8 fl. oz.

For normal and fine hair. Its rich formula with Camellia Oil, hydrolyzed Vegetable micro-Keratin, plant Ceramides, Glycerin and Vitamin E, repairs the hair shafts, leaving the hair soft and shiny without weighing it down.

DIRECTIONS

Apply after shampoo; leave on for a few minutes, then rinse thoroughly.

REPAIR Rich Treatment

250 ml 8,4 fl. oz.

For medium-thick hair, the combination of Camellia Oil and the softening and nourishing power of Hyaluronic Acid, Glycerin, Panthenol and Vitamin E leaves damaged hair soft and manageable. With hydrolyzed Vegetable micro-Keratin and plant Ceramides.

DIRECTIONS

Apply after shampoo and leave on for 5-15 minutes, then rinse thoroughly.

REPAIR Velvet

100 ml 3,4 fl. oz.

A repairing fluid that plumps up the hair. Enriched with Camellia Oil and Hyaluronic Acid, it fills porous hair, leaving it smooth and plump, and removing frizz. With hydrolyzed Vegetable micro-Keratin, plant Ceramides, and an organic multifunctional anti-UV plant-derived complex.

DIRECTIONS

Apply before styling. Do not rinse.

REPAIR Plumping Mousse

150 ml 5,1 fl. oz.

Leave-in conditioner for fine hair. With Camellia Oil, hydrolyzed Vegetable micro-Keratin and plant Ceramides; it conditions and moisturizes the hair, leaving it manageable, bouncy and shiny.

DIRECTIONS

Apply before styling. Do not rinse.

THE FRAGRANCE

Flowery and vanilla notes

The bittersweet scent of bergamot sorbet, lucky bamboo and jasmine blends into a green, balsamic mix of heliotrope, violet petals and rice powder, while the lingering base notes come from white musk, vanilla cream and cashmere wood.

COLOR PROTECT

—
For colored hair

THE NEED, THE ANSWER

Cosmetic dyes are pigments that do not bind to the hair fibers. That's why repeated washes, weather conditions, such as sun and wind, pollutants and the mechanical action of brushes, hair-dryers and straighteners can cause the color to fade and lose its shine. The hair then looks dull and porous. Treating it with a specific ritual is essential to make the colorist's work last longer and keep the hair in perfect condition till the next appointment.

KEY INGREDIENTS

Raspberry Extract supports healthy cuticles and leaves the hair full, glossy and bouncy. It is rich in anti-oxidants that deliver thorough protective and purifying benefits on the scalp and on colored hair.

Certified organic **Bio liquefied Olive Extract** is made in Italy through a solvent-free process. This biotechnological process increases the effectiveness of the active agents, with the stable and intensive anti-oxidant power of Vitamin C becoming a precious ally against free radicals.

COLOR PROTECT Shampoo

250 ml 8,4 fl. oz. / **1000 ml** 33,8 fl. oz.

Hydrates and protects colored hair. Enriched with Raspberry and Hydrolyzed Olive fruit extracts, protective plant-based Cationic Polymers and a Natural Moisturizing Factor, it gently cleanses the hair to stop color from fading.

DIRECTIONS

Apply to wet hair and massage gently. Rinse well.

COLOR PROTECT Conditioner

250 ml 8,4 fl. oz. / **1000 ml** 33,8 fl. oz.

For normal and fine hair. Formulated with Raspberry and Hydrolyzed Olive fruit extracts, Shea Butter and Vitamin E, it protects the hair fibers from external aggressions and keeps the color rich and glossy.

DIRECTIONS

Apply after shampooing; leave on for a few minutes, then rinse thoroughly.

COLOR PROTECT Intensive Treatment

250 ml 8,4 fl. oz.

For medium-thick hair. Hydrates and protects colored hair. It contains Raspberry Extract, Shea Butter, Vitamin E, Arginine, Hydrolyzed Olive fruit extract and Brewer's Yeast that nourish and plump up the hair.

DIRECTIONS

Apply after shampooing; leave on for 5-15 minutes, then rinse.

THE FRAGRANCE

Flowery, fruity and green

Mandarin orange and bergamot blend with notes of peony, rose and cyclamen, then merge with the sharp woodiness of cedar and sandalwood.

SUBLIMIS OIL

For dry, dehydrated hair

THE NEED, THE ANSWER

Natural or dyed, long or short, straight or curly: any hair type can be dehydrated as a consequence of bad health or a poor lifestyle.

Tangled and unmanageable, frizzy and dull, dry and dehydrated hair needs a softening ritual that won't weigh it down.

KEY INGREDIENTS

Passionflower Seed Oil has a light, silky touch. It is rich in Essential Linoleic Acid and vitamin E, which effectively plump up the hair fibers and the scalp, leaving them softer and shinier and protecting them from loss of hydration. It helps protect the natural hydrolipidic barrier of the scalp.

Apricot Oil, made from the fruit's kernel, is a good source of Vitamins A and E, which are excellent antioxidants. It is rich in essential fatty acids, effective in hydrating and nourishing the skin and hair, strengthens the hydrolipidic film of the scalp and leaves the hair shiny.

Argan Oil, known since time immemorial for its cosmetic properties, mainly contains unsaturated fatty acids and is rich in sterols and vitamins. It prevents dehydration and ageing, combats free radicals, and revives the hair.

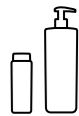

100% natural organic **Baobab Oil** is made from cold-pressed seeds to preserve all its nourishing properties: fatty acids, Omega-6 and-9, Palmitoleic, Oleic and Linoleic Acids, plant Sterols, Tocopherols and Vitamin E. Because of its multiple properties, it is an excellent antioxidant, nourishes and protects the scalp and hair, and leaves the hair glossy.

Stabilized, fat-soluble **Vitamin E** has intensive antioxidant properties, fights free radicals and oxidative damage in the cells and follicles. It has a hydrating, protective and soothing action.

SUBLIMIS OIL Shampoo

250 ml 8,4 fl. oz. / **1000 ml** 33,8 fl. oz.

With Passionflower Seed Oil and plant-derived cuticle-protecting molecules, Hydrolyzed Soy Proteins and an exclusive blend of moisturizing agents, it repairs the hair fibers and replenishes hydration and shine, for a soft, silky hair.

DIRECTIONS

Apply to wet hair and massage gently. Rinse well.

SUBLIMIS OIL Conditioner

250 ml 8,4 fl. oz. / **1000 ml** 33,8 fl. oz.

For normal and fine hair. Passionflower Seed Oil and Argan Oil bring hydration and shine back for a hair that is instantly manageable, full and bouncy. Enriched with Vitamin E, Arginine, Organic Lemon extract and plant-derived cuticle-protecting molecules.

DIRECTIONS

Apply after shampooing; leave on for a few minutes, then rinse thoroughly.

SUBLIMIS OIL Deep Treatment

250 ml 8,4 fl. oz.

For medium-thick hair. An in-depth moisturizing treatment, rich in Passionflower Seed Oil, Argan Oil and Baobab Oil. This intensely softening pack replenishes minerals and nutrients, leaving very dry hair beautiful and revived. With Trehalose, Vitamin E, hydrolyzed Soy Proteins and plant-derived cuticle-protecting molecules.

DIRECTIONS

Apply after shampooing; leave on for 5-15 minutes, then rinse thoroughly.

SUBLIMIS OIL All Day Emulsion

150 ml 5,1 fl. oz.

An instantly-effective emulsion for dehydrated hair. Enriched with Passionflower Seed Oil, Argan Oil and Baobab Oil, it hydrates and leaves the hair soft and silky.

DIRECTIONS

Spray on towel-dried hair and comb through. Do not rinse.

THE FRAGRANCE

Flowery, fruity and creamy

Lush and smooth, a precious bouquet of white flowers, releasing delicate notes of lemon and fruity cream that leave an unexpected flowery trail in the hair.

SUBLIMIS OIL Pure

100 ml 3,4 fl. oz.

For medium-thick hair. Enriched with Passionflower Seed Oil, Argan Oil and a Vitamin C derivative, it hydrates the hair, leaving it shiny, soft and manageable.

DIRECTIONS

For an intensive treatment, mix 3 - 5 drops with 20 ml of conditioner or mask (can be mixed with other Morphosis lines), leave on, then rinse. For an effective anti-frizz action, apply on the most damaged areas of the hair, massage gently, then dry. Do not rinse. For more intensive shine and moisturization, apply on dry hair.

SUBLIMIS OIL Serum

15 ml 0,5 fl. oz. x6

An intensive, instantly-effective and hydrating treatment that gives dull and dry hair back its natural brilliance. Enriched with Hyaluronic Acid, Passionflower Seed Oil, Apricot Oil and a plant-derived complex, it re-compacts shaft surface leaving hair with a silky soft touch.

DIRECTIONS

After shampoo, towel dry your hair and spread the serum. Massage to create a rich emulsion. Leave on for 5-15 minutes and rinse well. Use the line's other products based on hair needs.
